Our Aims and Ideals of Service

OUR WHOLE aim and endeavor is to give our patrons a service as complete, helpful, and beautiful as possible, regardless of creed, financial circumstances or social position.

We try to give those we serve the same attention and the same good service we ourselves would want and expect if conditions were reversed and we were in their place and they in ours.

To do as much for our patrons for as little as possible—to serve in a way that will leave sweet and comforting memories throughout the years—these are the ideals of our service.

INTRODUCTION

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1935 edition of the High Point City Directory.

Confidence in the growth of High Point's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting High Point to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the High Point Directory will fulfill its mission as a source of authentic information pertaining to the city.

Population

The population of High Point is estimated at 41,123, based on the number of personal names in the Alphabetical section of the Directory, with due allowance for those under Directory age. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the Directory, and, likewise, in the population estimate.

Four Major Departments

The four major departments are arranged in the following order:—

THE BUYERS' GUIDE, pages 29 to 56, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of High Point. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like High Point, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 57 to 481. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of High Point, and the name, official personnel, nature and address of each firm and corporation in the city.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, covers pages 485 to 568. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under

the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 569 to 624. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of High Point.

The High Point Directory Library

Through the courtesy of the publishers of the High Point City Directory, a Directory Library is maintained in the offices of the High Point Chamber of Commerce, for free reference by the general public. This is one of 450 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Statistical Review

Form of Government—City-manager.

Population—Total, 36,745; white males of age, 14,371; white females of age, 14,948; total colored, 7,229 (1930 U. S. Census). Government estimate, 1934, 40,000. American-born, 99.4%.

Area—9.75 square miles.

Altitude—940 feet.

Climate—Mean annual temperature, 58 degrees F.; average annual precipitation, 47.59 inches.

Parks—15, with total of 132 acres, valued at \$750,000.

Assessed Valuation—\$37,061,803, with \$1.65 per \$100 tax rate.

Financial Institutions—3 banks, with total deposits of \$71,559,711.80 (June 30, 1935), and total resources of \$78,648,907.63 (June 30, 1935). 3 building and loan associations, with total assets of \$1,770,788.83 (June 30, 1935).

Postal Receipts—\$189,305.30 (1935).

Telephones in Service—5,033.

Churches—58, representing 17 denominations.

Building and Construction—Value of building permits has averaged \$1,500,000 annually for past 12 years.

Industry—130 manufacturing establishments, employing 6,701 men and 4,468 women, paying wages of \$7,963,765 annually, and having products valued at \$34,565,953 annually (last report). Principal manufactured products: Furniture, hosiery, textiles, veneers and plywood.

Trade Area—Retail area has radius of 7 miles, and population of 55,000; wholesale area, radius of 75 miles, and population of 908,950.

Newspapers—1 daily and Sunday and 2 weeklies.

Hotels—4, with total of 275 rooms.

Railroads—2: Southern (main line) and High Point, Thomasville & Denton.

Highways—U. S. 29, 70, 170 and 311; State 10 and 77.

Airports—1, privately-owned.

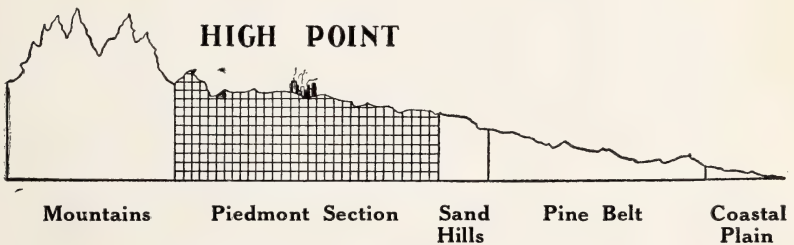

Amusements—4 moving-picture theatres, with total seating capacity of 2,480 persons. 3 golf courses.

Hospitals—2, with total of 125 beds.

Education—High Point College. 13 public schools, including 2 senior high and 1 junior high. Number of pupils in public schools, 8,600; teachers, 225. Value of public school property, \$2,700,000; college property, \$636,805.66.

Public Libraries—1, with 12,130 volumes.

City Statistics—Total street mileage, 124.2 with 70.1 miles hard-surfaced. Miles of gas mains, 31; sewers, 125; bus lines, 8. Number of water meters, 8,300; light meters, 8,500; gas meters, 1,500. Capacity of water works (municipal), 15,000,000 gallons; daily average pumpage, 3,000,000 gallons; miles of mains, 85; value of plant, \$2,650,000. Fire department has 31 men, with 6 stations and 11 pieces of motor equipment. Police department has 38 men, with 1 station and 9 pieces of motor equipment.

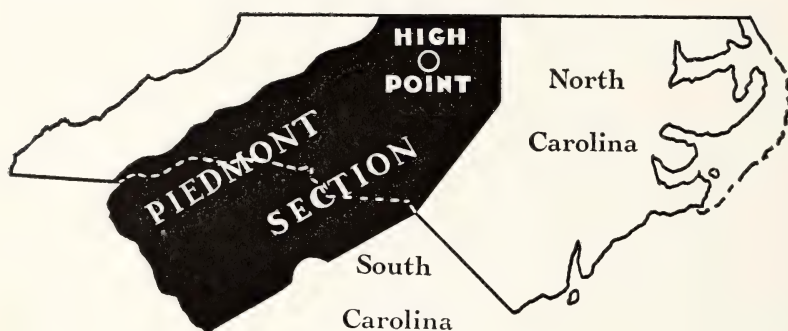

A Few Facts About Piedmont Carolina, of Which High Point Is One of the Larger Cities

The Piedmont section of the Carolinas has probably come in for more attention from the country at large than any part of the South, in recent years. The Piedmont section is largely responsible for the remarkable developments attributed to the state of North Carolina, such as good roads, schools, transportation facilities and hydro-electric power. The growth in wealth and population of the Piedmont section is due to its peculiar suitability for industry, and besides offering advantages of transportation, power, labor and proximity to markets, it is an enjoyable place to live. Ninety-nine per cent of the population is American-born, and 69 per cent of the population is white. At present there are three men working on the farms to one in other

industries. An abundance of potential labor is available from this source. Manufacturing costs are generally lower in all lines. Natural resources are only partially developed. Modern transportation facilities are daily bringing the outside markets closer. The local market has developed into a factor.

The central location of High Point in the Piedmont area can be noted from the accompanying maps.

Origin of the Name

High Point gets its name from being the highest point on the original survey made for the old North Carolina Railroad between Goldsboro and Charlotte.

Industrial Growth

High Point has gained a permanent and enviable position among the leading cities in the Piedmont section and in North Carolina as the center of two of the largest industries in the entire South—furniture-manufacturing and hosiery-manufacturing. The success and growth of these two types of industry in High Point has brought it to a predominating position that attracts the outside manufacturer of similar products. And in the natural follow-up of events, other industries, many of them allied, have found in High Point the ideal conditions necessary to continued, profitable manufacturing. High Point has 130 factories, making 80 different kinds of manufactured goods.

Furniture-Manufacturing

High Point maintains an undisputed lead in the manufacturing of wooden household furniture and is the recognized center of this industry in the South, North Carolina ranking as the first state, and Virginia, the second. Developed originally because of the raw material supply (hardwood lumber) close at hand, this industry now imports from neighboring states and abroad the bulk of its raw materials. However, there still exists under controlled forces, millions of acres of virgin forests which continue to supply the wood-working industry in increasing amounts. High Point conducts one of the four important furniture markets of the

country which holds semi-annual shows in the ten-story Southern Furniture Exposition Bldg., attracting furniture dealers from all over the U. S. This leading industry of High Point is made up of 36 factories producing nearly every conceivable kind of household furniture. The native

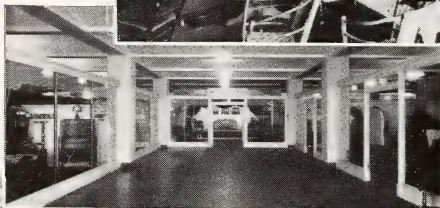

Southern Furniture Exposition Building, with 10 Stories and 7½ Acres Floor Space

skill of the American-born laborer has been highly developed in this industry to his own betterment and to the success of the industry. The contributing factors to success have been labor, power, transportation, raw materials and markets, all under favorable circumstances.

Hosiery-Manufacturing

North and South Carolina lead the U. S. in terms of active spindle hours in yarn mills. High Point has three cotton mills and two silk mills. Hosiery-manufacturing has

Typical Exhibits of Furniture Maintained the Year Around in the Furniture Exposition Bldg.

One Hundred and Sixty Factories from All Parts of the Country Exhibit Their Merchandise Here.

been developed as a natural result of proximity to yarn mills. It will be noted upon investigation that, whereas cotton mills have sought out the smaller communities and isolated sections, industries making a finished product, such as hosiery, have located invariably in the larger towns, and as in the case of High Point, closer to the Northern markets. There are 24 hosiery mills in High Point. In the last five years the growth of this industry has doubled in value of output as well as in invested capital. Most of the mills are as modern as can be found in the country, both in building and machinery. The majority of them are highly successful. The reasons for this are found in the peculiar advantages High Point has to offer—reasonable labor costs, cheap power, proximity to markets, temperate climate, excellent transportation facilities and nearness to raw materials.

Diversified Industry

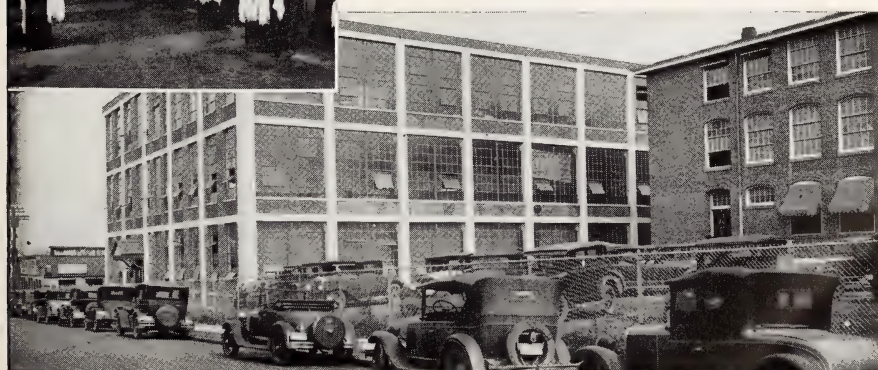

Passing on from the two leading High Point industries, furniture and hosiery manufacturing, we find a balance of diversified products among the some forty other factories making not only allied products, but a variety of merchandise ranging from oil-burners to street cars. High Point's opportunity for successful industry lies in two favorable major facts—economical production and proximity to metropolitan markets. Also, in a locality where total wealth has increased 660% in the last 20 years and where the population increase has been 23.6% (U. S. Census figure) in the last 10 years, the local market becomes important. People in this territory have money to spend because they are regularly employed at fair wages. As in all industrial communities, most of the money stays at home.

Shuttle blocks	

General Views of the Industrial Districts of High Point

Population and Industrial Growth

U. S. Census figures for High Point since 1900 show the following increases:

1900.....	4,163
1910.....	9,525—128.8% increase
1920.....	14,302— 40.7% increase
1930.....	36,745—156.8% increase

It will be noted that the ten years of High Point's growth from 1920 to 1930 was greater than in any other period. The future is predicted in even more impressive figures.

Manufacturing additions from the outside have kept pace with inside expansion. For every increase in size of an established factory, a completely new organization or plant has come in, proving that "nothing succeeds like success" in High Point. High Point and its surrounding territory is on the "make." Its industries are growing, new industries are coming in, the local markets are increasing and the people are prosperous.

A Future Founded on Success

Necessarily, predictions for the future must be based on conditions as they exist today, regardless of past history. What High Point has accomplished during the last twenty years will not necessarily be duplicated in the next twenty. However, the facts in the case point to even greater strides in the next ten-year period. Today High Point moves with a gathered momentum, the result of the progress of the entire state of North Carolina, and the entire Piedmont section. High Point is in the center of this progress, retaining many advantages peculiar to itself. High Point is in the largest and wealthiest county in the state. It is convenient to the largest cities in the state. It is on the main line of the Southern, the leading railroad in the South. It has connections with competitive roads through its own locally-owned short line, the High Point, Thomasville & Denton R. R. It is on the New York-New Orleans air mail route. Hard-surface roads lead in all directions to points near and far. It is the largest city closest to the geographical center of the state and it is in the north central section of the Piedmont area. These factors have developed in High Point's favor in the last twenty years, where most of them did not exist before.

Add to these, those important features of natural resources, still in an undeveloped state, abundant labor supply (3 to 1 farmers at present); ample hydro-electric power, with still greater facilities for development; and the equable climate, vigorous without extremes.

Briefly summing up these resources with the advantages of momentum, size and surroundings, High Point has prob-

Loaded H. P., T. & D. Train Leaving Freight Terminal at High Point
ably just hit its stride, and 1940 should see a growth more remarkable than between 1920 and 1930.

High Point's future is bound up in the future of the New South, North Carolina and the Piedmont section.

Prepared for the Future

The city of High Point recently published a booklet entitled "Prepared for the Future," which summed up the civic improvements made and in the making. It shows that preparations for future growth of the town, such as water supply, sewage disposal, street paving, street lighting, schools and municipal buildings, are ample for requirements of twice the present demand, or at least that the city rests on foundations adequate to handle any necessary additions economically and efficiently. For years to come High Point need not be concerned with any major or vital project that might become necessary by the city's growth. The water supply was ample even during the summer of 1930 for a city of 100,000 people. High Point has already paid the greater cost of these improvements and provided for the future as well.

Enterprise locating in High Point is buying taxes on a falling market without paying the price of inadequate municipal facilities, isolation and general lack of progress that are commonly offered with a low tax rate. Suffice it to say that the city and its people look with favor upon new industry.

Assessed Valuation

1911—\$2,911,034; 1915—\$4,788,676; 1920—\$19,578,325;
1925—\$32,315,866; 1930—\$51,904,586; 1932—\$46,230,787; 1934—\$37,061,803.

City Government

High Point is zoned for business, residential and factory districts. At present there are four wards, each represented by a councilman. A mayor-at-large, who presides over the city council, is elected. A city manager, who is responsible to the city council, is employed. All city departments are responsible to the city manager. The present financial statement made from the annual audit shows High Point in as strong and excellent position as is seldom realized in any city of equal size.

Airports

High Point is seven miles from the Tri-City Airport, official stop on the New York-New Orleans mail route, with two mails daily in each direction. A private local airport is in operation just outside the city limits. Plans are under

Air Views Showing Layout of City

Below—Shopping District, Looking North

discussion for a municipal airport on a scale to give High Point the finest facilities in the state. Other projects to materialize shortly are an enlargement to the city hall, a new junior high school and a new U. S. post office for which the appropriation (\$400,000) was made by a recent Congress.

North Carolina's Urban Character

Citizens of High Point are citizens of North Carolina at large. Their interests, friends, recreations and pleasures extend over the state. High Point in itself is one of the state's most delightful cities in which to live and enjoy life. This fact is attested by newcomers and old residents as well. With no outstanding large city in the state, social activity is in a measure interdependent among towns. There is no city population as the word implies. It is all urban. Business men live within a few minutes' drive of their offices. In fact, many business men commute by car between their homes in one city and business in another, and in less time than it takes thousands who, for instance, live on Long Island and work in Manhattan.

A City of Beautiful Homes

High Point is fortunate in having several delightful residential developments, one of which has achieved national attention for its natural beauty and development of attractive homes. All residential areas are zoned as such by the City, and building restrictions are maintained by the

Homes Typical of the Majority in High Point

Some Homes in Emerywood, High Point's Exclusive Subdivision. This Development Is Considered One of the Most Beautiful in the Entire South.

Beautiful Flower Gardens, Blooming Nearly Every Month of the Year, Are to be Found in All Parts of High Point. Evergreens and Mountain Shrubs Decorate the Lawns.

developers. In the last year several homes in the one to two hundred thousand dollar class have been completed and many very attractive and desirable small homes of five thousand and upward. Beautiful paved streets, boulevard lighting and city parkways are features of these sections, with all city conveniences and all within a ten-minute drive of nearly every other part of the city. High Point has its own country club, with swimming pool, tennis courts and golf course within the city limits. A municipal course is operated by the city within the corporate limits.

Recreational, Educational and Climatic Advantages

The famous Valley Brook Golf Course, on Sedgefield Estate, seven miles out of town, has a national reputation for winter golf. Pinehurst is but 65 miles by hard-surface road. Seaside resorts can be reached in five hours as can also the famous mountain resort of Asheville with Roaring Gap and Blowing Rock much closer. Most every kind of recreational activity and sport is a year-around affair in North Carolina. High Point is situated within convenient driving distance of many world-famous resorts. Airports throughout the state have greatly shortened these distances in time.

A splendid school system is maintained, most of the buildings being new—the latest addition, an \$800,000 high school. A well-equipped denominational co-educational college of several hundred students is of immeasurable benefit

to the town. Fifty-eight churches of 17 denominations are active in the city's life.

High Point is 940 feet above sea level; has a precipitation average of 47.59 inches, and a mean temperature of 58 degrees F. Spring average, 57 degrees; summer, 76 degrees; autumn, 56 degrees; winter, 42 degrees. No malaria.

High Point is a pleasant place in which to live, as it is an excellent place to work. Those who make their living under favorable conditions of climate, surroundings and among friends are indeed fortunate.

Special Information and Services

For specific information and answers to special questions not covered in this book, the Chamber of Commerce extends its services for investigation without any obligation. Visitors to the city, regardless of their business or pleasure, are invited to make use of the Bureau of Information.

Special information regarding factory sites, labor, power markets and similar data are available. Full reports regarding the opportunities for a particular industry will be furnished. The Chamber of Commerce will also gladly act as negotiators on the ground.

Beautiful Paved Highways Extend from the Mountains to the Sea, and from the Virginia Line to South Carolina. All the Larger Cities and Most of the Smaller Towns Are Connected by This Great Road System—One of the Finest in the Country

THE CITY DIRECTORY

Gentlemen:

We have advertised our products in your several city directory publications for many years. We have also advertised in various other directories, all of our advertising being keyed so that we could determine whether this kind of advertising paid us.

During the period of one year, we have traced business amounting to over \$40,000 directly to this advertising. We thought that you and other directory publishers would be glad to know this.

Very truly yours,
LHJ/CS

Dry cleaning properly done, is not only a rejuvenating measure, it is also a clothes insurance inasmuch as it makes your garments wear longer as well as look better.

Our service insures the proper dry cleaning, without fading or shrinkage. We brush out the seams and reshape the garment to its original mold. Close attention is paid to loose, broken and missing buttons and worn edges.

How the Modern Way Serves You

The appeal of spotless table linen is universal. The satisfaction engendered thereby is a distinct pleasure, particularly when company arrives. The best home laundry work falls short of perfection no matter how modern the equipment or diligent the laundress. Our laundry will do a complete job or deliver wet if you prefer to do the ironing. Trust us with your finer, daintier things—you'll not regret it.

"The Modern way is to let our Laundry make a clean job of the dirty work and save your time for better things."

A Prospective Purchaser

Turns to the Advertising Department covering the Desired Business and selects certain names and addresses.

Will He Find Your Advertisement There?

If not, you lose the business, and your competitor gets it through his advertisement in the Directory.

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

HIGH POINT, THOMASVILLE & DENTON RAILROAD

Fast - Reliable - Responsible - Dependable FREIGHT SERVICE

Fast Service is today's demand. We give it.

Reliability as a carrier is a proved factor of our service. Our policies of courtesy and efficiency have been tried and a steady increase in the number of our patrons has resulted.

Responsibility, financial as well as otherwise, is an essential which shippers and buyers should never overlook.

Dependability is an essential factor of our service. Established and regular schedules to all parts of the United States—through our connections the Winston-Salem Southbound, Norfolk and Western, Atlantic Coast Line, Norfolk Southern and Seaboard Air Line railroads—assure you of deliveries as expected.

*“Nothing But Service
To Sell”*

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what **you** want.

MORE GOODS
ARE BOUGHT AND SOLD
THROUGH THE
CLASSIFIED BUSINESS LISTS
OF THE
DIRECTORY
THAN
ANY OTHER MEDIUM
ON EARTH

TRADE! You like
to patronize those concerns
who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

HILL'S HIGH POINT

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1935

Copyright, 1935, by Hill Directory Co., Inc.

In the following list the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

*** between two intersecting streets denotes that there are no houses between them on that particular street.

(c) denotes colored.

County, N. C.) city

Is

member of

HIGH POINT PUBLIC LIBRARY
For Reference
HIGH POINT, NORTH CAROLINA

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

There is a profitable position waiting for you in the field of beauty culture provided you are properly trained. Recognizing from experience, that properly trained and fully competent beauty operators are rare, this school was founded with the definite idea of affording a superior training in beauty culture.

We shall be very glad to have you visit us and talk over your ambition and plans. This will place you under no obligation and we shall not insistently urge you to enroll.

Our tuition fee is reasonable. Monthly payment plan arranged to your financial convenience.
